**Read the text and answer the questions.**

*Friday* I have an important thing to write in my diary. Normally, I have thought of something to write about - but today was different. Something special happened: I lost my job! Well, I'm going to bed now. I'll think about it later.

*Monday* I woke up at 6.30. The sun was shining ; the birds were singing. For a while, I felt really happy. Then I remembered that I hadn't got a job. I went into the kitchen and made myself some tea. I sat drinking it by the window. People were hurrying to work. Some of **them** didn't look very happy. Perhaps they didn't want to work. I wanted to shout at them. " You fools! At least you have jobs". Later, I went to the Job Center. I filled in a form and had an interview with a clerk. **She** was quite pleasant, but she asked me a lot of unnecessary questions. Anyway, she hadn't got a job to offer me. I have to go back there on Wednesday.

*Tuesday* I went to the bank and checked my account. Then I walked past the office where I used to work. Through the windows I could see people working inside. I felt envious! Afterwards, I sat in a cafe thinking if there is nothing at the Job Center tomorrow. I'll ring my old friend Liz.

*Wednesday* I saw a different clerk at the Job Center today. He was not encouraging. " You need to get some training in computers" he said. In short, there wasn't any job for me.

*Thursday* I rang Liz twice but I couldn't get an answer. I felt very depressed.

*Friday* I went for a walk, came home and watched a TV programme on unemployment! That depressed me again!

*Saturday* I finally managed to contact Liz this morning. Actually, she was pleased when she heard I was looking for a job. " Just come and see me tomorrow , Rose, I will tell you all about my plan!" Then she rang off. I'm going to see her tomorrow, but what are her plans? I wonder.

(1) State whether the following statements are True, False or Not given by putting a tick (✓) in the relevant column.
