(10) Read the following poem and answer the questions given below.

A Valuable Drop

Water is everywhere
Water is everywhere
Every drop holds value,
Every drop holds life.

We need water to live,
It's a necessity of life,
Plants, animals and humans,
All need **it** to survive.

Our water is from streams,
From mountains so high.
Our water is from the rain that falls out of the sky.

However, our water is quite limited.
So we must learn to conserve,
Turn our faucets off, when the water isn't in use
Or have our time in the shower reduced.

We should remember to conserve
To ensure water for the future
Because water is important
Every drop holds value,
Every drop holds life

(1) Underline the correct answer.
